LICENSED PRESCHOOLS

All preschools at the Steveston Community Centre are licensed by the Richmond Health Department and Ministry of Children and Families.

WHAT DOES "LICENSED" PRESCHOOL MEAN?

- Must meet the Health Department regulations
- Is monitored by the Health Department to ensure appropriate care is given
- Is taught by certified and licensed Early Childhood Educators
- Is able to access the Ministry of Children support programs and grants

The Early Childhood Education philosophy is play-based learning. We will offer educational and creative activities to stimulate your children socially, physically, emotionally and intellectually. Through play, your children will discover, create, learn and above all, enjoy themselves.

UNLICENSED PRESCHOOL

An unlicensed program means that it is unable to provide Ministry of Children support programs and grants and is not monitored by the Health Department. Our standard of care however is similar if not the same as our licensed programs. Our **Time for Twos** Preschool Program is an unlicensed program.
